

Version 2 | Intent Ledger

The durable record is the learner-governed lineage from intent and critique to action and revision

CORE SYSTEM

LONGITUDINAL PROVENANCE LOOP

ONE CLAIM, FULL LINEAGE

"The threshold feels abrupt from the east approach."

CHALLENGES

ADAPT

Source turn 31 -> intent v2 -> action A7 -> section revision r5

AI DERIVATION RECORD

model + prompt version
input source IDs
private confidence
human correction
supersedes / superseded by

PROTECTED STATES

Reasoned rejection is valid.
Unresolved is not failure.
Contradiction is not averaged away.
Private reflection stays private.

● PRIMARY NOVELTY HYPOTHESIS

The learner's disposition and revision response - not the AI summary - become the durable unit of record. This makes critique continuity inspectable without turning disagreement into a score.
