

# Version 3 | Agency-Preserving Studio Commons

Identity, audience, pacing and accountability are designed as one peer-critique protocol

SELECTED 5/5

## IDENTITY IS LAYERED - NOT BINARY

### SYSTEM IDENTITY

Institution may know; used only for consent and abuse response

### SESSION IDENTITY

Real name, persistent pseudonym or one-session pseudonym

### RECIPIENT VIEW

What the presenter sees now; optional staged reveal later

## AUDIENCE SCOPES

### PRIVATE

author only

### PRESENTER

recipient

### PRESENTER + PROFESSOR

supported clarification

### PEER GROUP

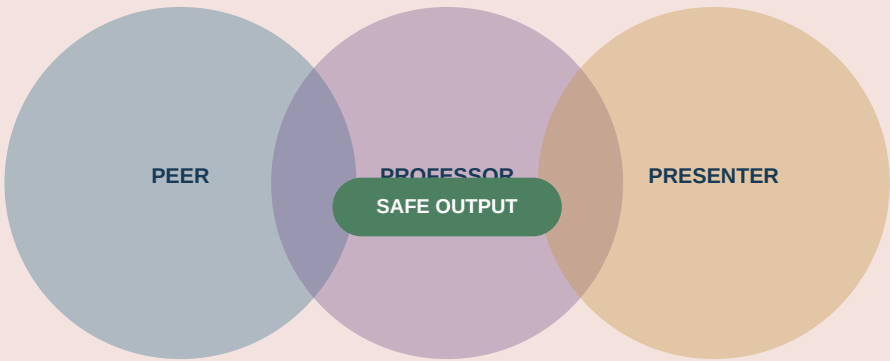

bounded discussion

### COURSE

explicit archive consent

### PERMISSION INVARIANT

An AI summary can never widen the audience of its sources. Its maximum visibility is the intersection of every contributing source policy.

## PEER CRITIQUE FLOW
